LOCAL BREVITIES.

County Court meets in regular session next Monday.

Oysters, any way you want them, at the Bazar dinner, Dec. 6th.

Do not forget the Bazar next Thursday, Dec. 6th. Everybody come.

May the REGISTER readers all have a good dinner and a pleasant Thanksgiving.

A Rieke has a brand new city-made sign for his Budweiser depot. It is all right.

Owing to the inclement weather there was no meeting of the Teachers' Circle last Saturday.

Do not fail to see all the pretty things in the various booths at the Episcopal Bazar, Dec. 6th.

The pupils under Miss Markham and Miss Gay in the public school had special exercises Wednesday afternoon.

At this writing Mrs. Nannie Walker is very ill with pneumonia. Her condition has been very serious for several days past.

Do you want a good dinner? Go to the Academy next Thursday, Dec. 6th. The ladies of St. Paul's will furnish you with one for 25 cents.

There will be a foot ball game between the Knob Lick and Ironton teams this afternoon at Fletcher's field. Admission, twenty-five cents.

Let your light so shine, no matter whose eyes it dazzles or whose plans it upsets. Where there are no kickers there is nothing at which to kick.

A word to the Ladies—See our line of latest style Jackets and Capes before buying. We can please you.

T. S. LOPEZ & SONS.

Messrs. Whitworth and Huff are now open and ready for business in the brick building on the corner across from the REGISTER office. They have a handsome and attractive store.

The sacrament of the Lord's Supper will be observed at the close of the morning service at Fort Hill church next Sunday morning. A full attendance of the membership is desired.

Judge Dearing, attorneys Dinning and Anthony were in town Saturday evening on their way to Centerville to attend court. Wm. Edgar accompanied the party from here Sunday morning.

W. T. O'Neal, the city collector, desires to let the public know that he can be found in his office every night for the convenience of city tax-payers, who wish to pay before the penalty and costs are due.

The north-bound trains have been late every day during the past week. It is said that extensive repairs on track and bridges are being made on the Arkansas Division, and that this is the cause of delay.

"Uncle" Henry Valle has had several loads of gravel put on the sidewalk in front of his premises, and the pools that have annoyed passers-by after rainfalls will be known no more there. An example worthy of imitation.

There will be an election of officers at the next meeting of Iron Lodge, No. 107, I. O. O. F., Monday evening, December 2d, 1900, and every member is urged to be present.

G. H. BROADWELL, Sec'y.

At the next regular meeting of Sylvan Rebekah Lodge, No. 185, to be held Wednesday evening, December 5, 1900, will occur the annual election of officers and every member is most urgently requested to be present.

The A. V. Cornet Band will give an entertainment of some sort not yet fully defined, on Tuesday evening, December 11th, at the Academy of Music. Due and timely warning of its exact nature will be given the public.

All the ladies of the Valley are invited to bring their prettiest sofa cushions, battenburgs and pieces of silk embroidery and enter them for prizes offered by the ladies of the Bazar. An entrance fee of 25 cents is asked, and no donation required.

County Court was in session last Saturday for the purpose of determining as to the sanity of Millie Holt, an old lady about sixty years of age, and Ed. Polly, a negro. Both were judged insane and Sheriff Gregory started for Fulton with them on Sunday.

Young ladies who intend competing for the 3-lb box of candy to be awarded to the fair one who suggests a most appropriate name for the new social club are notified that the contest closes December 3d. Address communications to H. A. NALL, Secretary.

There will be a "ghost" or "pillowcase" ball on New Year's eve in the Academy of Music, Ironton, given by the "Triple Link" Glee Club, composed of members of the local Old Fellows Lodge. Invitations and full particulars will be issued later on.

Mr. and Mrs. J. Walter Clarkson and their little daughter, of Grandin, were at the Grand Avenue Hotel over Friday night. They had been over at Bennett and Fine and touched here on their return. Mrs. Clarkson returned from the north a few weeks ago where she had been for several months and where the little Miss Clarkson was born.—Doniphan Prospect-News.

Lost—One bill book containing one hundred and ninety-seven dollars in paper and fifty cents in silver, with some notes. Any one finding the same and returning it to M. W. Munger, at Munger, Mo., will be amply rewarded for the same.

A special term of Circuit Court will be held December 10th, to try Thomas Hall for the murder of James Asher in the west end of the county last July. The sheriff is selecting a panel of forty jurors for the trial. In all there will probably be seventy-five witnesses in the case.

C. C. Lashley desires to call the attention of the public to the fact that he has opened a restaurant and lunch room in the building north of Dr. Farner's office. Lunches and meals are served at all hours—night and day. The patronage of the public is respectfully solicited.

The REGISTER last week completed and sent to its destination a rather nice piece of job-work—a Calendar for the August (Ark.) Shakespearean Club. The work came to us because of a similar job we had printed for another literary society. The latter had been seen and approved.

Messrs. Wm. Stevenson & Bro. who purchased the mercantile business of J. M. Morris at Des Arc, we are glad to learn, are prospering. The first ninety days after taking charge their sales were in excess of \$11,000. They are very worthy young men and we are pleased to know they are doing so well.

Every member of Ironton Camp, No. 3755, M. W. A., is hereby notified to be present at the next regular meeting, Tuesday evening, December 4, 1900. At that time officers for the ensuing term will be elected. A vote will also be taken on the question of creating a reserve fund.

G. R. GAY, Clerk.

The football game this afternoon will no doubt be largely attended as the most interesting occasion of the day. The boys have been in earnest training and a good game will result. The A. V. Cornet Band will be in attendance. Admission to the grounds—in Fletcher's field near the wagon-bridge—twenty-five cents. All the Vallegians ought to turn out and witness the game.

At a meeting of Ironton, K. P. Lodge, No. 244, Friday the following officers were elected for the ensuing year: H. Adolph, C. C.; Fred Kindell, V. G.; A. W. Garrett, F.; John Marshall, M. W.; Robert Farmer, K. R. S.; Chas. Hansen, M. F.; John Biernell, M. E.; H. Collins, M. A.; T. Hall, I. G.; G. Peck, O. G.; Ira Marshall, Financial Trustee. The Ironton REGISTER complains of the rotten board culverts in the streets of that town and is also crying for street lights. Ironton may be ahead of Potosi in some respects, but we can give our neighbors points on municipal improvements. Potosi has the best streets of any town its size in this part of the State and they are also well lighted at night by numerous gasoline lamps. Send a commission up here. Bro. Ake, and find out how the thing is done.—Potosi Journal.

So far as the lights are concerned Potosi may "lay it over" Ironton, but when it comes to good streets and lovely drives there isn't a town in South-east Missouri that compares with ours.

Mr. Geo. W. Kanouse desires the REGISTER to announce to the public that he has recently taken charge of the Commercial Hotel. The building has been repaired and refitted and is now in first-class condition. The rooms are clean and comfortable and the table will at all times be supplied with the best the market affords. Mr. Kanouse solicits a share of the public patronage, promising every attention looking to the ease and comfort of the guests.

A couple of weeks since the REGISTER told of some grave diggers in the Pilot Knob cemetery unearthing a casket and finding the corpse in a perfect state of preservation. None of the older residents could identify the body. Francis Mesnard, who lives in the north end of Ironton, says the remains are those of a Frenchman named Ducret who died at Pilot Knob during the war. Mr. Mesnard did not view the corpse when it was exhumed the other day, but from the description of the casket he is satisfied that his conclusion as to the identity of the remains is correct.

The Alton Democrat is responsible for the following item—through a correspondent at an interior village bearing the suggestive name of Phlebotomy: "Professor O. Hamilton Adam, principal of the high school at this place, has been suspended by the board and the cog wheels of culture are deranged at the present writing. The trouble arose over the professor spelling the word 'friend' 'fr-e-n-d' at the spelling bee Friday night. The board holds that a man who will cooly and in the presence of a respectable audience rob a friend of the only eye (3) he has is not the proper person to be principal of an important institute of learning like the Phlebotomy high school."

One of the stockholders of the Illinois Southern railway told us Wednesday that their civil engineer was now going over the route between Chester, Ill., and Irondale, Mo., for about the third time, and as soon as his preliminary survey had been made the regular surveying corps would be put at work. The road, he says, will be extended at an early date to Irondale, by way of Farmington and Flat River. At present the line is not paying, and the owners think the extension will greatly swell the gross receipts of the road. It will not follow the old grade, he further stated, for that was an altogether impracticable route, owing to the heavy grades. This road will be a great boon to Farmington and St. Francois county when built, as it will

give us a direct route to Chicago and her markets, which are the best in the world.—Farmington News.

It is reported that in a very short time Cotton Belt trains will be run direct into St. Louis over the Iron Mountain track, both freight and passenger, using the Belmont branch through this city; it is also reported that the Iron Mountain will run nearly all of their main line trains down this way and use the Cotton Belt tracks for their fast freight and passenger traffic into Texas. Both roads are now practically under one management and it is claimed that by using the Belmont track to Delta and then the Cotton Belt track into Texas, much of the trouble that the Iron Mountain now experiences by heavy grades on the main line will be done away with. This is merely a rumor that comes from Malden, but is said to be reliable. The first news of the new Cotton Belt train through here came to the Democrat-News from Malden and it was laughed at first. It is said the change will be made the first of the year.—Fredericktown Democrat-News.

Here is an exercise in pronunciation which the REGISTER respectfully submits to the pupils and teachers of the Iron county public schools. If dictionaries were not so plentiful it would offer a year's subscription to the young lady or gentleman going through the exercise without mistake. Anyway, everybody, it won't do you any harm "and try your hand" at it. The Los Angeles (Cal.) Herald is the compiler: "A sacrosanct son of Belial, who suffered from bronchitis, having exhausted his finances, in order to make good the deficit, resolved to ally himself to a comely, lenient and docile young lady of the Malay or Caucasian race. He accordingly purchased a callopie and coral necklace of chameleonee blue, and securing a suite of rooms at a principal hotel he engaged the head waiter as his coadjutor. He then dispatched a letter of the most unexpectant calligraphy extant, inviting the young lady to a matinee. She revolted at the idea, refused to consider herself sacrificable to his desires, and sent a polite note of refusal, on receiving which he procured a carbine and a bowie knife, said that he would not allow force fetters, hymeneal with the woman, went to an isolated spot, severed his jugular vein and discharged the contents of the carbine into his abdomen. The debris was removed by the coroner."

John L. Dobbins of this county was thrown from a passenger train on the Iron Mountain railroad last Tuesday night near Riverside, and died on Sunday about 1 p. m. from blood poisoning. He and Jeff Reed had been to St. Louis with cattle and were returning on a passenger train at night, when near Riverside Mr. Dobbins suggested to Reed that they might get the conductor to let them off at Glover, a small station, and save them a walk of about two miles from Hogan, the regular stopping point of the train. He got up saying "that he would go see the conductor," and went at the back end of the coach; just as he reached the platform the car, which was running at about forty-five miles an hour gave a swift hard lurch and he lost his balance and fell from the train. The heel on his right foot was badly bruised, but he did not appear to be seriously injured. On Saturday evening it was discovered that blood poison had set in and was rapidly extending up his leg from the bruise and preparations were at once made to amputate the leg, but before another doctor could reach the patient to assist Dr. Miner the poison had reached the body and nothing could be done. John L. Dobbins was forty years old and was one of our best citizens. The Reformer extends its sympathy to the bereaved wife and children, his father, relatives and friends.—Centerville Reformer.

Cold Air on March in the Next Century.

Hot or cold air will be turned on from a spigot to regulate the temperature of a house as we now turn on hot or cold water from spigots to regulate the temperature of the bath during the coming century. Central plants will supply this cool air and heat to city houses, in the same way as now our gas or electricity is furnished. Rising early to build the furnace fire will be a task of the oldest time. Homes will have no chimneys, because no smoke will be created within their walls.—December Ladies' Home Journal.

After exposure or when you feel a cold coming on, take a dose of Foley's Kidney and Bladder Pills. It never fails to cure, and will prevent pneumonia or consumption. Don't accept substitutes. Nothing so good. For sale by D. R. Bergen.

We have winter in good shape to-day, (Sunday) and lots of mud, which will stop the lumber teams for a few days.
